Small Business Administration - Bonds	https://www.sba.gov/funding-programs/surety-bonds	(800) 827-5722	Surety bonds help small businesses win contracts by providing the customer with a guarantee that the work will be completed. Many public and private contracts require surety bonds, which are offered by surety companies. The SBA guarantees surety bonds for certain surety companies, which allows the companies to offer surety bonds to small businesses that might not meet the criteria for other sureties.
Small Business Administration - Loans	https://www.sba.gov/funding-programs/loans	(800) 827-5722	The agency doesn't lend money directly to small business owners. Instead, it sets guidelines for loans made by its partnering lenders, community development organizations, and micro-lending institutions. The SBA reduces risk for lenders and makes it easier for them to access capital. That makes it easier for small businesses to get loans. In general, eligibility is based on what a business does to receive its income, the character of its ownership, and where the business operates.
United States Department of Agriculture (USDA), Rural Development - Business & Industry Guaranteed Loans	https://www.rd.usda.gov/programs-services/business-industry-loan-guarantees	(801) 524-4328	This program improves the economic health of rural communities by increasing access to business capital through loan guarantees that enable commercial lenders to provide affordable financing for businesses in eligible rural areas.
