

RCAC Individual Well Program

Free Drinking Water

Well Assessment

Rural Community Assistance Corporation (RCAC), a non-profit organization is offering private well owners free well assessments and water quality screening for nitrate.

Well Assessment Includes:

- On-site inspection of your well system to identify potential well vulnerabilities.
- Identify potential well contamination sources near the well site.
- Well construction inspection relative to state standards to note any potential concerns.
- Water quality screening for nitrate, commonly associated with wastewater contamination.
- Completed well assessment report with recommendations of possible needed repairs and water treatment options.

Available in New Mexico (60 mile radius of Espanola, New Mexico 87532).

Free well assessments are limited. Selection will be based on selected applicants within the well assessment areas. All information will be kept confidential.
