Free Drinking Water

Well Assessment

Rural Community Assistance Corporation (RCAC), a non-profit organization is offering private well owners free well assessments and water quality screening for nitrate.

Well Assessment Includes:

- On-site inspection of your well system to identify potential well vulnerabilities.
- Identify potential well contamination sources near the well site.
- Well construction inspection relative to state standards to note any potential concerns.
- Water quality screening for nitrate, commonly associated with wastewater contamination.
- Completed well assessment report with recommendations of possible needed repairs and water treatment options.

Available in Idaho (60-mile radius of Coeur d'Alene, Meridian and Twin Falls).

To register for the well assessment, you can either:
