1. **Background**
   Since 1978, Rural Community Assistance Corporation (RCAC) has been a critical partner to low-income rural and indigenous communities in 13 western states, including Alaska and Hawaii. Over the last 44 years, the organization has grown programmatically, and in terms of visibility, relevance and scope of services. From an initial staff of eight to our current team of 180, RCAC’s growth trajectory has been particularly intense over the past five years with the addition of 53 new staff.

   RCAC’s environmental, housing, economic development and lending programming pillars provide the foundation for the health and wellness of the rural populations we serve. Our programmatic complement - safe water and wastewater, affordable housing, job creation and retention, and access to capital for essential community facilities - all contribute to community health and well-being.

   For more information about RCAC please visit our website at [www.RCAC.org](http://www.RCAC.org).
